

Gas

GWF

Gas safety hose

Gas accessories

Your benefits

- Protection against gas leakage:
Reduction of the fire load, thus increased safety in the event of a fire

Properties

- Thermally resilient up to max. 650 °C
- HTB version

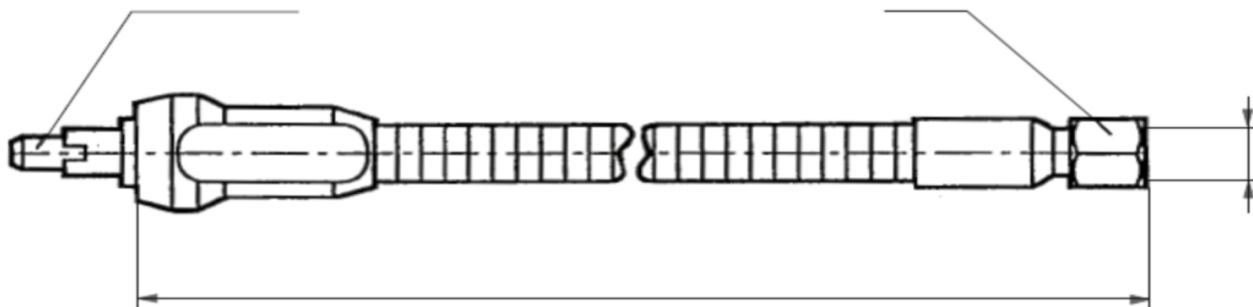

Applications

- The gas safety hose is used in gas pipes in domestic installations

Technical Data

Art.-No.	Model	Length [mm]	Connection type Input - output	Weight [kg]	Nominal pressure PN [bar]
146.LB005	GSS RTD	1'500	NS – IG	0,490	0,1
